[See Complete Details Below](#)

**Industry Best Risk Adjustment Training** – We have been the leader in Risk Adjustment Training for over a decade. Long before there was a credential. And, we have trained over 6,000 for “the other” credential with a 98% success rate on the first exam attempt.

**Industry Best Reimbursement Training** – We provide the most comprehensive Billing and Reimbursement Training available. Our training includes recently passed Federal Laws regarding balance billing of healthcare consumers. No other program has this content. And, we use an actual EMR/AR Platform in our training. Again, no other program provides this genuine learning exposure.

**Complete course on building your own enterprise** – We provide a comprehensive course on how to build your own business step by step and no detail omitted. We even show you how to build your website. We do not stop there! We show you detailed blueprints for a number of options such as Bill Review, Audit, Provider Education, DRG Analysis, Billing Services, and even a few “starter” concepts. Coaching webinars are included!

**Recruiting In Reverse Complete Career Search Assistance** – Others say they provide job search resources. Well, they “scrape” other job boards and list those listings on their site. Hardly comprehensive. We offer far more listings, we provide career sites for every hospital in the nation, every Medicare Administrative Contractor, every Medicare Advantage Health Plan, but that is just the beginning. No other organization has staff that actually searches on behalf of its members. Heck, they don’t even have your resume. WE DO!!!

**Member HELPDESK for Revenue Cycle and HIM questions** – Have a question? Other organizations say “That will cost you!” We say .... Submit a ticket. Others charge \$25 - \$50 PER

QUESTION! That is not very “Member Friendly”. We do not charge our Members to ask questions. We just encourage and support it!

**Daily Q and A LIVE 365 days a year** – That’s right! 365 days a year! LIVE Q and A sessions with recorded archive and transcripts. Good thing the other guys don’t offer this. If they charge \$25 per question, then the Rockefellers wouldn’t be able to afford this. But, fear not, it is included in Membership!

**State Pages with PAID STAFF to serve Members needs as well as state pages on Professional Networking Site** – We have to be honest! We really do not know whether to laugh or cry when the others promote “Networking” We scoured their site and found .... Well some static posting forums. They do have some insane number of physical meetings. Inconvenient to say the least. But, we know the reason. While they use unpaid labor to run these on-site get togethers, don’t be fooled ...they are profit funnels. (That is why they highly discourage virtual meetings) You see, they require these individual units to host exams at \$400 each and provide a very small stipend to the unit while the vast percentage goes right to the organization. Nearly pure profit. So, what if a unit has a great presenter? Well, good for that unit – too bad for all the others. We believe that Networking and fragmentation are polar opposites. And, we do not use unpaid volunteers (often an exhausting task for them) instead we have paid employees to serve the needs of Membership and to facilitate true networking.

**Powerhouse Industry Expert Speakers Each Month** – Our Members will spend an hour with the CEO of the largest MAC (Medicare Administrative Contractor) for example. Included in Membership! Again, we scoured their site. We could not find any presenter remotely near that level of industry standing ..... At any price!

**FREE Learning Modules** – While we do charge for complete instructor led courses, we also provide FREE learning opportunities and plenty of them. CDI (over 50 modules), Compliance, Payer Policies, Guidelines, and much more. Oh.....yes....again we did not know whether to laugh or cry when we noted that they sell 3 modules of Excel Training for \$50 each. You see, the company that produces Excel, Microsoft, provides 16 modules absolutely free. So, we just do our Members the service of providing the link to that training and do not do them the disservice of purporting to be able to train on an application better than the application creator can. (We should also note.... That organization doesn’t even create that training. They buy it for a very low rate such as \$2 and sell it for \$50. We could not sleep at night doing business that way!)

**15 CEUs for your current credential** – We understand that you may not be ready to just walk away from your credential (though based on publicly available information, your organization may have risked your credentials and by all available data, it does look like it is not likely to end well) and well .... We have no problem with that. In fact, we are going to provide 15 CEUs valid for nearly all popular credentials. That is called “being supportive”.

**FREE AAOMCP Mug** – Has your organization ever sent you anything? A mug? A t-shirt? A sticker for your fridge? We mean, other than a reminder that your \$200 per year is due? Enjoy your favorite beverage in our AAOMCP Mug. You can check out our “Mug Shots” on our site at <https://aaomcp.com/mugshots/>

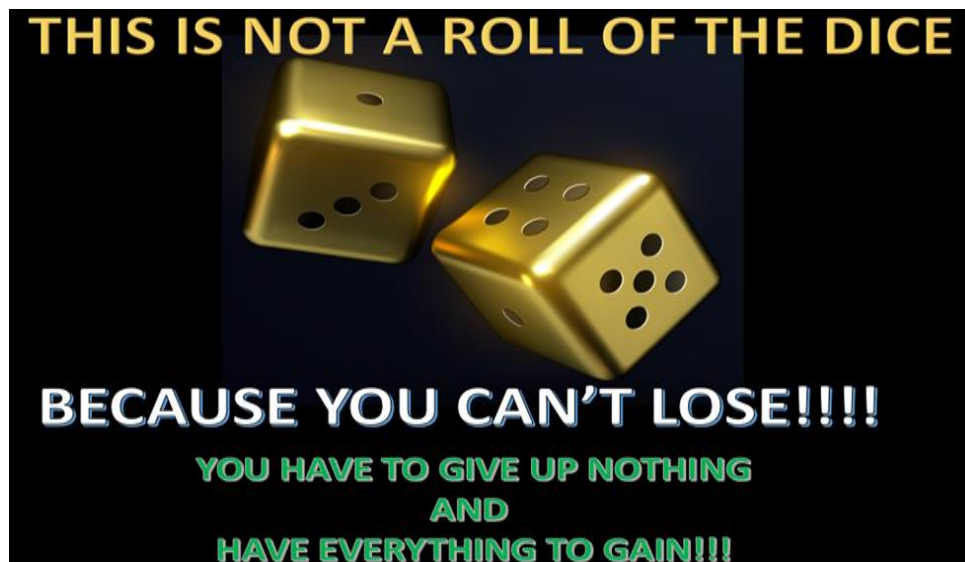

**ANNUAL FEE GUARANTEED NEVER TO INCREASE\*** - Register before July 23, 2021 and your Annual Membership is Guaranteed never to increase from \$99. As long there is no break in Membership ..... No increase EVER!!!

**Initial Membership Term will be through 12/31/22\*** - Register before July 23, 2021 and your first term of Membership will extend to 18 months through December 31, 2022. By then, we are certain you will have a very good perspective on what being a Member of an organization that is committed to its Members is really all about.

**FREE CREDENTIAL - INUSTRY EXCLUSIVE ICD 10 CM CONFERMENT** – In 2021 we will be offering 11 credentials. We call them Conferment’s so as to be uniquely distinguished from other terms used by other organizations. (Perhaps, even over used!) Research and reports show that the accuracy of ICD 10 CM coding is a shockingly unsatisfactory 50% nationally. Our Master of Diagnosis Coding Conferment sets the standard and is the remedy. Register before July 23, 2021 and this training and Exam are included.

**50% Off All COURSES AND EXAMS FOREVER** – Register before July 23, 2021 and as long as you remain a Member with no break in Membership, enjoy 50% off ALL Courses and Conferment Exams. That is how we say “Thank you for being a Member!”

**WE DID SAY**

**DIDN'T WE?**

**WE MEAN IT! THIS IS NOT A GAMBLE, IT IS A CERTAINTY!!!**
